What You Get From a Course?

1. knowledge & understanding

Presentations and demos

Practical exercises and discussions

Presentations

Practical exercises and discussions

2. useful professional relationships

a. with other trainees

in and out of the classrom

b. with trainers

Aidan Budd, EMBL Heidelberg

both (I estimate, on average) **equally** valuable

so we start with an activity...

to help us get to know each other…

speed dating

Speed Dating: Aims

- facilitate the (for some of us) awkward "meeting/introducing ourselves to someone for the first time" by doing lots of them in a short time

  - hopefully makes it easier to start talking with each other later in the course

- quickly find people you have things in common with/get on with

Aidan Budd, EMBL Heidelberg
Speed Dating: Format

- meet other participants in many 1:1 chats

- tell each other
  - names
  - where you work
  - research topics
  - something surprising about you (e.g. I have three nationalities)
  - try and find someone you know or somewhere you've been that you have in common

Speed Dating: Format
Stand, awkwardly, in two rows

Face one person in the other row

If there's an odd number of you, one person stands alone at one end
Speed Dating: Format
Chat!

Speed Dating: Format

Chat!

and repeat until you've met everyone in the other row…

Speed Dating: Format

then split each row into two new rows

Speed Dating: Format

So… go outside now and form the initial two awkward rows

Face one person in the other row

If there's an odd number of you, one person stands alone at one end
